Hi Carmen-

I'm sorry to have to bother you, but I've emailed ADA Weiner twice about this but have not heard back from him yet. There is a case (Commonwealth vs. [REDACTED]) scheduled for 8/11/11 in which I analyzed the drugs, but the summons does not indicate what the drug lab #'s are. When Caleb originally emailed me about this, he asked about my availability, but didn't provide them either. I've requested the numbers twice from him, but have not received any help on this. As this case is scheduled for this Thursday, I need them so I can look up my notes beforehand. I have cases scheduled in New Bedford on 8/9/11 and 8/10/11, so I am not sure if/how long I will be in the lab the next couple of days. Would it be possible for you to find out what the drug lab numbers are? And who the ADA will be (if known)? Thank you so much.
